- Your 'new build' design centre appointment should be exciting, not stressful or overwhelming.
- Your new home should reflect your personal design style, not be a cookie cutter model.
- Have an experienced decorator walk you through important design decisions like flooring, light placement, cabinets, countertops, hardware and more.
- Upgrading your home should not cost a fortune. Let us advise you on your desired upgrades and the most cost-effective ways to achieve them.
- Could potentially save you thousands.
- Will help to ensure your new home lives up to its full investment and design potential while still reflecting you and your personal lifestyle.
